## ***Antiques Week in New Hampshire***

- Mid\*Week Antiques Show, Concord, NH, Aug 7, 8
- The Collector's Fair, Manchester, NH, Aug 7, 8
- The New Hampshire Antiques Show, aka the Dealers' Show, Manchester, NH, Aug 8 - 10

*Editor's Pick:* The ingenuity and attention to detail shows that the man who made this made it simply for the love of making. What is it? A sand toy: When sand was poured through the hole under the turned finial, it turned a wheel that turned the windmill sails and put a man to work and set hammers rising and falling on ledges outside the mill - a charming lack of realism, but who cares! Russ Goldberger asked \$3,350 for it at the Dealers' Show.
